- a. As a condition of the accreditation, the applicant acknowledges that the International Accreditation Service, Inc. (IAS), staff or authorized representative(s) may conduct unannounced assessments of the facilities of the applicant, or other facilities where the applying laboratory conducts tests under this application, to verify compliance with the listing and applicable rules of procedure.
- b. Within 30 days of receiving an IAS invoice, applicant shall reimburse IAS for all expenses related to accreditation. Reimbursable expenses include, but are not limited to, travel expenses and assessor time.

An IAS laboratory accreditation does not imply any guarantee or warranty, express or implied and including but not limited to any warranty of merchantability or fitness for any particular purpose, of any product or specimen tested or certified by the applicant, or any guarantee or warranty of any nature by IAS concerning any tests conducted by the applicant. Applicant agrees that it shall have no cause of action or claim against IAS, International Code Council (ICC), or any of their affiliates, parent, or brother or sister corporations or their Successors-in-Interest or assigns, or the officers, directors, members and employees thereof (collectively, the "Indemnitees"), arising in any manner from any denial of this application or from any accreditation given pursuant to this application, whether or not such accreditation is or is not subject to any conditions. Applicant agrees to hold the Indemnitees harmless, and to protect, defend and indemnify them, with respect to any claim, liability, demand, action, judgment, proceeding, costs, damages and expenses (including attorneys' fees) whether for personal injury, wrongful death, property damage, or any type of injury or damage whatsoever, arising from: (i) the application and accreditation; (ii) any certification or approval services of any nature provided by the applicant; (iii) the use of any service of any nature offered by the applicant, or the use or operation by any person of any product tested or certified by the applicant, whether related to the matters set forth in the first sentence of this paragraph or otherwise; or (iv) the reference to or reliance upon, actual or asserted, any product certification or approval given by the applicant or any testing services rendered by the applicant including but not limited to the results of any testing conducted by the applicant.
